

## 35041 GELSINA

### Algemene informatie

|                 |                           |
|-----------------|---------------------------|
| Materiaalnummer | 35041                     |
| EAN/UPC-code    | 9002759350413             |
| Type            | plafondventilator & licht |

### Afmetingen

|                                |                |
|--------------------------------|----------------|
| Artikeldiameter (in mm)        | 1066           |
| Artikelhoogte (in mm)          | 337            |
| Plafondkap hoogte (in mm)      | 55             |
| Plafondkap diameter (in mm)    | 130            |
| Nettogewicht (kg)              | 4.883 Kilogram |
| Brutogewicht                   | 4.883 Kilogram |
| stuksverpakking hoogte (in mm) | 205            |
| stuksverpakking lengte (in mm) | 450            |
| stuksverpakking diepte (in mm) | 245            |

### Fan

|                               |                |
|-------------------------------|----------------|
| Motortype                     | AC             |
| Motorafmetingen in mm (Ø x H) | 153x8mm        |
| Motor wattage                 | 50             |
| Verstelbare plafondkap        | 15°            |
| Aantal bladen                 | 4              |
| Netspanning                   | 220-240V, 50Hz |

### Functions

|         |                                    |
|---------|------------------------------------|
| Werking | richting omkeerbaar<br>3 snelheden |
|---------|------------------------------------|

Onder voorbehoud van technische wijzigingen

## Materiaal & Kleur

|                            |             |
|----------------------------|-------------|
| materiaal bladen           | MDF         |
| Bladen kleur (1)           | silber      |
| Plafondkap materiaal       | Stahl       |
| Plafondkap kleur           | nickel-matt |
| Materiaal van de behuizing | staal       |
| Kleur van de behuizing     | nikkel-mat  |
| Glas/kap materiaal         | glas gelakt |
| Glas-/kap kleur            | wit         |

## Performance

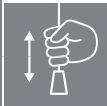

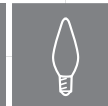

|                                           |      |
|-------------------------------------------|------|
| Watt/luchtverplaatsing (3)                | 50   |
| Omwentelingen per minuut (3)              | 220  |
| Luchtverplaatsing m <sup>3</sup> /uur (3) | 6096 |

## Illuminant

|                             |         |
|-----------------------------|---------|
| Type lichtbron (1)          | E14     |
| max. wattage (1)            | 1X60W   |
| Geschikt voor LM van de EEI | A++ - B |

## Energy Information

|                                                                     |        |
|---------------------------------------------------------------------|--------|
| Maximum fan flow rate (F) in m <sup>3</sup> /min                    | 101,60 |
| Fan power input (P) in W                                            | 47,26  |
| Service value (SV) in (m <sup>3</sup> /min)/W (acc. IEC 60879:1986) | 2,15   |
| Fan sound power level (LWA) in db(A)                                | 47,4   |
| Maximum air velocity (c) in m/s                                     | 2,1    |

|                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                      |                                                                                       |                                                                                       |
